

PINEWOOD PATTEN

March, 2011

Computer at The Pines

There is a computer located in the "Office" of the clubhouse that everyone is welcome to use. It is hooked up to the internet. There is a printer as well...but when it runs out of ink...I am done with it. Refill it if you wish.

We would like to welcome:

Tracy Hatch, and her children Dan, Brandon, Pamela, and Kimberly to 23832 S. Cedar Drive.

Snow Plowing

We had a few calls from upset residents that their plowing was not done in a timely fashion or up to the standards they are accustomed to during the February 20th snowfall. Paul was out of town and unable to return due to the storm. We are very grateful for Glenn, John, and Harry's efforts while we were away! We apologize for any inconvenience you may have experienced. And on this subject...it appears as though Paul will be returning to flying in the near future so we are taking a look at the plowing situation for next season. Early inquiries have told us that "plowers" only operate on a per-time basis. There is a lot of time between now and the first snowfall next winter...so hopefully we will find a suitable replacement for Paul...and of course for those of you in need of assistance, you are always welcome to line up your own snow removal person as well.
