

# PINEWOOD PATTEN

May, 2011

## Spring

Well...do you think Spring will ever get here? Nonetheless... many residents have contacted the office about new sheds, siding, windows and garages. Remember some projects need prior approval from the office. And some items need a building permit from the Village of Trempealeau. If you have any questions, please stop by or give us a call.

## Pine Needles

As mentioned in last months' newsletter...our goal was to be done picking up pine needles by April 30<sup>th</sup>. It appears as though most of you are done...but if not, please rake a.s.a.p. We will still pick up the first week in May, but plan to have our last pick-up on Monday, May 9<sup>th</sup>. After that you will need to bag them and take them to the recycling center yourself.

## May Birthdays

Victoria Ziegler	13 <sup>th</sup>
James Anderson	15 <sup>th</sup>
Andrew Hilton	15 <sup>th</sup>
Kyler Kellicut	29 <sup>th</sup>

## Pine Cones

I left a note in the post office. In case you didn't see it...please pick up the pine cones left behind on the shoulder of the road from the guys picking up the needles. It only takes a few minutes...and it looks a lot nicer when everything is tidied up.

## Memorial Day

The Office will be closed on Monday, May 30<sup>th</sup> in observance of Memorial Day. Please remember those who died in the service of their country.

## The Pines

Many of you have been enjoying the Clubhouse & Fitness Center...and you have been doing a fantastic job of keeping it clean. Thank you! I finally typed up a short to-do list in the utility room for everyone to reference. And remember you are welcome to ask for a master key for gatherings so you don't need to let people in and out. We have a few dates reserved in May and June...but there is still plenty of room for more activities.

## Weed Whacker

We have a battery-operated weed whacker that you are welcome to use any time. A yard looks really nice when it is mowed *and* trimmed. We have it stored in our garage...so please stop by or give us a call when you need it.

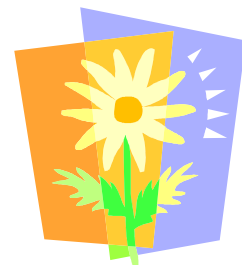

## Spring Flowers

As many of you are getting ready to plant your spring flowers...don't forget to treat the dandelions and clover in your yard as well. Weed B'Gon works really well, and they have a hose applicator version that's really easy to use.

It won't kill your grass, just the weeds – but remember to keep it away from your flowers, as it may kill them as well. We also have a fertilizer spreader in our garage that you are welcome to use...just stop by or give me a call.

Mother's Day is  
Sunday, May 8<sup>th</sup>

Happy Mothers  
Day!
