

# PINEWOOD PATTEN

November, 2011

## Pine Needles

Thank you very much for raking up your pine needles. The park looks great! We will be done picking up pine needles for the year as of November 7<sup>th</sup>. After that you will need to take your pine needles to the Recycling Center in Galesville.

## November Birthdays

We would like to wish a  
Happy Birthday to:

Skyla McGrane 15<sup>th</sup>

We would like to welcome:

Jim and Sharon Stocks to 12104 S. Forest Drive. Although their home isn't here yet...it will arrive later this month.

## Plowing

Because Paul is flying full time again, we have been forced to make some changes for snow removal. As always:

- \* We will plow *only* if the Village plow comes through
- \* We will plow *after* the Village comes through

If Paul is home...he will plow. If he is out of town Dan and John will take over. Glenn will still help out no matter who is plowing...it's funny how some guys never catch a break! Thanks Glenn!

Rates are up to \$150...which means if you are on the plowing list you will need to pay \$50 in December; \$50 in January, and maybe \$50 in February if it's shaping up to be a snowy winter. We will let you know about February when we get there.

## Flu Shots - 2011/2012

Everyone 6 months and older should get a flu vaccine each year. This recommendation has been in place since February 24, 2010 when CDC's Advisory Committee on Immunization Practices (ACIP) voted for

"universal" flu vaccination in the U.S. to expand protection against the flu to more people. While everyone should get a flu vaccine each flu season, it's especially important that certain people get vaccinated either because they are at high risk of having serious flu-related complications or because they live with or care for people at high risk for developing flu-related complications.
