## Missed Trash

Occasionally I get a call from a tenant saying that the garbage man missed their trash. If this happens, you can call Hilltopper directly at 783-6727.

## Pine Needles

It's hard to believe that many of you already have your pine needles raked for the spring. This weather has been absolutely FANTASTIC! And I can believe all the record highs that were set in March this year. As always ...we'll be glad to pick up the pine needles if you rake them to the edge of your lawn, until the end of April. Other yard waste (sticks, grass clippings, flowers) must be taken to the recycling center.

## Spring Projects

When planning spring building projects such as decks, steps, sheds, and painting – remember to contact the Pinewood Office first for approval. Some projects may also require a building permit from the Village of Trempealeau.

## Drive Safely

With the warmer already here, the kids are taking to the streets with their bikes and scooters. Walkers are out as well. Please slow down to keep our residents safe.

## Fertilizing

Spring is an excellent time to apply Weed 'n' Feed to your lawn. Healthier, weed-free lawns are less susceptible to disease and drought. For the past few years we have used a fertilizer with **insect control** and it seems to have significantly reduced our mole problems by eliminating their food source. You might want to give it a try.

## Clean-up - Take Five

Please take five minutes to walk through your yard to pick up any trash items that you see. The little stuff (cigarette butts, gum wrappers, bottle tops) just tend to appear over time, and must be picked up manually.
