Pine Needles

We have already started...and will continue to pick up pine needles during the month of October. Please place them on the shoulder of the road for pickup. **This is for pine needles only.** Other yard waste must be taken to the Village brush site located below the old Budget Mart. We would like to have all on the pine needles picked up by the end of October. If you rake in November, you will need to take them to the recycling center on your own.
