

PINEWOOD PATTEN

November, 2012

Let your voice be heard.

Vote on Tuesday, November 6.

Pine Needles

For those of you who have done so...thank you very much for raking up your pine needles. To the rest...we will be done picking up pine needles for the year as of Monday, November 5th. After that you will need to take your pine needles to the Recycling Center in Galesville.

November Birthdays

We would like to wish a
Happy Birthday to:

Skyla McGrane 15th

Plowing

December - \$50

January - \$50

February - ?

Last year plowing was very minimal, but who knows what this year will bring. We will assess the situation as it unfolds. If you choose to be on the list, remember:

- * We will plow *only* if the Village plow comes through
- * We will plow *after* the Village comes through

For those of you not on the list, please remember that shoveling must be done within 24 hours of a snowfall.

Flu Shots - 2012/2013

Everyone 6 months and older should get a flu vaccine each year. This recommendation has been in place since February 24, 2010 when CDC's Advisory Committee on Immunization Practices (ACIP) voted for "universal" flu vaccination in the U.S. to expand protection against the flu to more people. While everyone should get a flu vaccine each flu season, it's especially important that certain people get vaccinated either because they are at high risk of having serious flu-related complications or

because they live with or care for people at high risk for developing flu-related complications.
